Solvent Based Parts Wash

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

PARTSWASH

Safety Solve

Solvent Based Parts Wash

What is Safety Solve?

A Powerful degreaser is designed to quickly dissolve heavy grease and oils from surfaces and from mechanical parts.. This powerful solvent dissolves the toughest build-ups quickly without the need of using red label and chlorinated solvents. This product has a flash point of over 140F for safe and easy use. Very effective in parts washing applications.

Benefits:

- Formulated for the cleaning professional in industrial and commercial situations.
- Can be used as a general heavy duty cleaner.
- Contains non fluorinated and non hazardous solvents.
- Special Non emulsifying formula allows solvents and grease to float to the top.
- Breaks down heavy built up mechanical grease and oils.
- Allows for safer storage than conventional solvents.

Instructions:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read SDS and test in a small inconspicuous area. For professional use only by trained personnel.

Brush or spray on cold motor or parts. Flush with water. Use a high pressure hydro air gun when available. If motor or parts are excessively dirty, it will help to allow material to sit for a few minutes before rinsing. Product may be diluted depending on level of cleaning demanded.

Available Packages

0108-55	55 Gallon Plastic Drum
0108-5	5 Gallon Plastic Pail

Tech Specs:

Color.....Clear
 Fragrance.....Solvent
 Form.....Liquid
 Phosphates.....None
 Flash Point.....140F
 pH.....NA
 Specific Gravity.....0.90
 Viscosity.....Thin
 Foam.....None
 Biodegradable.....100%
 Shelf Life.....1 Year
