### **Core 3: Technology**

*Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.*

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

# DETERGENTS

## TR-2

### Tar & Asphalt Remover

#### What is TR-2?

Heavy-duty, solvent-based liquid that rapidly penetrates, softens, and dissolves asphalt, tar, and similar soils. Contains special emulsifiers that all it to be rinsed easily with water and leaves no residue. Safe on metals. Contains a blend of strong solvents and biodegradable emulsifiers and detergents.

#### Benefits:

- Formulated for professional use.
- Can be used as a degreaser as well as a tar remover.
- Mild enough to be used on fine paints.
- Can be easily rinsed.
- Water rinsable.
- Emulsifies hot and cold tar & asphalt for easy removal.
- Can be used on all equipment and tools.

#### Instructions:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

Apply to the surface in concentrated form by spraying, mopping, or pouring. Allow to penetrate and dissolve the tar or asphalt deposits for a short period of time. Use only light agitation. Heavy may remove paint and wax. Rinse with water under pressure.

#### Available Packages

0205-55	55 Gallon Plastic Drum
0205-5	5 Gallon Plastic Pail

#### Tech Specs:

Color.....Red  
 Fragrance.....Characteristic  
 Form.....Liquid  
 Phosphates.....None  
 FlashPoint.....145F  
 pH.....NA  
 Specific Gravity.....1.00  
 Viscosity.....Thin  
 Foam.....Moderate  
 Shelf Life.....1 Year
