## New Con

### New Aggregate Cleaner

#### What is New Con?

Specially designed product for use on new concrete. This specially balanced solution designed for removing excess mortar and efflorescence from new masonry applications. NEW CON can be used on virtually any type of brick, block, stone, cast stone, pre-cast.

#### Benefits:

- Formulated for professionals.
- Easy to use one step cleaner.
- Quickly removes excess without harming surfaces.
- Doesn't burn the surface.
- Fast Acting.
- Removes heavy stains and discoloration.
- Doesn't require heavy scrubbing.

#### Instructions:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

Make sure to use in well ventilated areas as product fumes when opened and used. Always make use to use protective clothing when applying this or any chemical.

May be diluted with up to 30 parts water, depending on desired cleaning levels. Rinse surface after use and neutralize when possible.

If product comes in contact with glass, make sure to rinse thoroughly with water.
