

High Pressure Performance Cleaners

Aluminum Brightener

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

ACID CLEANER

ATC 1004

Acid Based Aluminum Cleaner & Brightener

What is ATC 1004?

A heavy duty hydrofluoric acid based aluminum trailer cleaner for removal of road films, diesel smoke, iron oxide and white rust in just seconds. Cleans and restores surfaces in seconds. This product is effective and should always be used in a two step cleaning. For best results, follow the acid wash with either Magic or Supreme or other alkali Detergent.

Benefits:

- Highly concentrated.
- Removes buildup of carbon soot on contact.
- Removes white rust pitting and stains.
- Can be used on multiple weather metals.
- Great for use on fleets and fleet cleaning.

Instructions:

Always read the SDS before handling this or any chemical. Always prewet surfaces before applying chemical. Always make sure to have proper PPE when handling this or any chemical. Apply recommended dilution of chemicals to the surface from the bottom to the top of vehicle. Brushing may be required if there is a heavy build up of road film. Before the detergent has the opportunity to dry, rinse with fresh water from the top down, removing all the detergent. Neutralized and 2 step with an alkali detergent. **Do not use on polished aluminum or glass. Streaking and dulling will occur.**

Manual or Automated Dilution Recommendations:

Trailer Washing	40-50:1
Tank Washing	40-50:1

Predilution For Use with direct injection through a downstream injector:

Container Size:	55 Gallon Drum Add to water	30 Gallon Drum Add to water	5 Gallon Pail Add to water
Truck Washing	10 Gallons Masterbrite 45 Gallons water	6 Gallons Masterbrite 24 Gallons Water	1 Gallons Fusion 4 Gallons Water
Tank Washing	10 Gallons Masterbrite 45 Gallons water	6 Gallons Masterbrite 24 Gallons Water	1 Gallons Fusion 4 Gallons Water

Great For Use On:

- ✓ Trailers
- ✓ Fuel Tanks
- ✓ 3rd Rails
- ✓ Weather Aluminum

Available Packages

1004-55	55 Gallon Plastic Drum
