Premium Heavy Duty Pressure Wash

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

DETERGENTS

Magic

Heavy Duty Equipment Cleaner & Pressure Wash

What is Magic?

A highly active detergent, formulated for the pressure wash professional for use in cleaning of dirty and weathered aluminum trailers, third wheels, and equipment with heavy grease buildup. This product is a recommended replacement for acid for those who want to eliminate the use of acids. This product contains additives that provide a foaming action while reducing corrosion of the metal. Unlike other aluminum trailer cleaner, this product contains no hydrofluoric or sulfuric acids. Excellent for cleaning grease, oils, fats, and dirt from other surfaces.

Benefits:

- High levels of alkalinity to remove road film.
- Emulsifies and removes grease and oils..
- High foaming to carry away all surface debris.
- Rinsing is done with less time and less water.
- Can be used on the dirtiest of vehicles.
- Great for use on all fleets and heavy duty equipment.

Instructions:

Always read the SDS before handling this or any chemical. Always prewet surfaces before applying chemical. Apply recommended dilution of chemicals to the surface from the bottom to the top of vehicle. Brushing may be required if there is a heavy build up of road film. Before the detergent has the opportunity to dry, rinse with fresh water from the top down, removing all the detergent. Allow to dry. Do not use on polished aluminum. Streaking and dulling may occur.

Manual or Automated Dilution Recommendations:

Truck Washing	50-100:1
Bus Washing	50-100:1
Surface Cleaning	50-100:1

Predilution For Use with direct injection through a downstream injector:

Container Size:	55 Gallon Drum Add to water	30 Gallon Drum Add to water	5 Gallon Pail Add to water
Truck Washing	10 Gallons Fusion 45 Gallons water	5 Gallons Fusion 25 Gallons Water	1 Gallons Fusion 4 Gallons Water
Bus Washing	10 Gallons Fusion 45 Gallons water	5 Gallons Fusion 25 Gallons Water	1 Gallons Fusion 4 Gallons Water
Surface Cleaning	10 Gallons Fusion 45 Gallons water	5 Gallons Fusion 25 Gallons Water	1 Gallons Fusion 4 Gallons Water

Great For Use On:

- ✓ Trucks
- ✓ Trailers
- ✓ Chasis
- ✓ Refuse Vehicles
- ✓ Dumpsters
- ✓ Heavy Duty Machinery
