CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

DETERGENTS

Railway Cleaner

Railway, Subway, and Transit Cleaner

What is Railway Cleaner?

A specially formulated low pH detergent that will remove heavy dirt and road film from painted and aluminum surfaces. Everyday use of this product will keep rust, soot, and other environmental debris from building up on surfaces. This product will help keep wastewater balanced to meet the strict guidelines of water treatment systems. Approve for use in many local transit systems.

Benefits:

- Formulated for use in public transit systems.
- pH balanced to meet water treatment guidelines.
- Penetrates deep for easy removal of surface dirt.
- Safe on all paints and polished aluminum.
- Rinsing is done with less time and less water.
- Great step one for 2 step cleaning.
- Dry residual can be easily rinsed off.

Instructions:

Always read the SDS before handling this or any chemical. Always prewet surfaces before applying chemical. Apply recommended dilution of chemicals to the surface from the bottom to the top of vehicle. Brushing may be required if there is a heavy build up of road film. Before the detergent has the opportunity to dry, rinse with fresh water from the top down, removing all the detergent. Allow to dry.

If using this product through an automated gantry system, use the appropriate tip and drive trains or buses through the application arch and rinse.

Dilution Recommendations:

Subway Cleaning	30-40:1
Bus Washing	30-40:1
Train Washing	30-40:1
