High Foaming Rotary Shampoo

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

CARPET CARE

RS-1

High Foaming Rotary Shampoo

What is RS-1?

For deep-down cleaning of commercial carpets containing a special blend of detergents that break up oils and suspend tough soils. The combination of these intense cleaners will deliver clean, soft carpets with that like-new look your customers will love.

Benefits:

- Environmentally formulated.
- Formulated with proper pH for safe use on most wet cleanable carpets and upholstery.
- Contains brighteners to enhance carpet appearance.
- Fast breaking formulation.
- Will suspend oils and dirt to prevent redeposition.
- Cleans and brightens all types of synthetic & natural fibers.

Instructions:

1. Preparation: Begin by thoroughly vacuuming the carpet to remove loose dirt and debris before starting the cleaning process.
2. Spot Treatment: Treat any stubborn stains with appropriate spotter before proceeding with the cleaning.
3. Dilute: For carpet cleaning with rotary machine, dilute 1 part shampoo with 16 parts water. For dry foam equipment, dilute 1 part shampoo to 8 parts water.
4. Clean: Feed the shampoo solution sparingly as you spread the foam over the carpet. Use overlapping strokes when cleaning to ensure even coverage and avoid missing any areas. Also, make sure not to oversaturate the carpet to prevent damage.
5. Vacuum the carpet when thoroughly dried.

Tech Specs:

Color.....	Blue
Fragrance.....	Fresh
Form.....	Liquid
Phosphates.....	None
FlashPoint.....	212F
pH.....	8-9
Specific Gravity.....	1.02
Viscosity.....	Thin
Foam.....	High
Biodegradable.....	100%
Shelf Life.....	1 Year
