## Debrowning Treatment For Carpets

CORE 3

### **Core 3: Personal Attention**

*Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.*

### **Core 3: Experience**

*With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.*

### **Core 3: Technology**

*Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.*

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

# CARPET CARE

## No Brown

### Debrowning Treatment For Carpets

#### What is No Brown?

This debrowning treatment penetrates and dissolves stubborn stains on all types of fibers including problematic fibers such as wool and acrylan. It also prevents and corrects browning of fibers caused by a build up of alkaline residue. Will also dissolve light rust.

#### Benefits:

- Prevents and dissolves stubborn stains.
- Safe to use on problematic fibers such as wool and acrylan.
- Corrects browning of fibers caused by alkaline residues.
- Dissolves light rust.

#### Instructions:

Before using, make sure that the desired surface is cool to prevent early evaporation. Read SDS and test in a small inconspicuous area.

1. Mix (1) part NO BROWN to four (4) parts water and with a hand sprayer (1-2 gallon capacity)
2. Spray the areas on the carpet which have browned. Agitation with a brush may be necessary for the browning to disappear.
3. Avoid over-wetting the carpet; drying time will be longer.

#### Note:

Always leave the cleaned or treated areas well ventilated if possible. Do not exceed the recommended pH or 8.0 when cleaning wool and acrylan carpets. Do not use the NO BROWN for prespraying and spotting on wool or acrylan carpets.

#### Tech Specs:

Color.....Clear  
 Fragrance.....Characteristic  
 Form.....Liquid  
 Phosphates.....None  
 FlashPoint.....212F  
 pH.....2-3  
 Specific Gravity.....1.03  
 Viscosity.....Thin  
 Foam.....Moderate  
 Biodegradable.....100%  
 Shelf Life.....1 Year

#### Available Packages

1310-275	275 Gallon Tote
1310-55	55 Gallon Plastic Drum
