## Formula 2000

### Urine Neutralizer & Carpet Spot Preconditioner

#### What is Formula 2000?

As urine ages in the carpet, it changes from an acid to an alkaline material and leaves ammonium salts behind. These salts are insoluble, so your usual pre-sprays and traffic lane cleaners won't be able to remove them.

Formula 2000 will break up and liquefy urine deposits for fast decontamination. This incredibly effective product suspends urine salts so they can be completely flushed away.

#### Benefits:

- Stain-resistant carpet
- Upholstery
- Draperies
- Bedding
- Mattresses
- Clothing

#### Directions For Use:

1. Use paper towels or rags to absorb as much urine as possible.
2. Dilute 8-24 oz of Formula 2000 per gallon of water.
3. Saturate the area with diluted material
4. Allow the solution to sit for 15-20 minutes
