Dry Foam Encapsulating Shampoo

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

CARPET CARE

Encap

Dry Foam Encapsulating Shampoo

WHAT IS ENCAP?

An extremely effective "interim" maintenance tool. The results will rival carpet appearance attained from other soil extraction products. Encap Encapsulating shampoo also has the same advanced formula, so it encapsulates the soil, adds stain resistance and significantly retards re-soiling. All the advantages of the fast drying bonnet or foam system plus all the Encap features. ENCAP products are also formulated in a pH range so they will meet all carpet manufacturers recommendations for "Wet Side" cleaning. They are also safe for use on traditional wool carpeting and for upholstery shampooing on all fabrics not harmed by water.

Benefits:

- Buffered pH for safe use on wool and other fabrics.
- Adds stain resistance to retard resoiling
- Encapsulates soils for easy removal.
- Easy use with Bonnet machines.
- Cleans and brightens all types of synthetic & natural fibers.

Directions For Use:

Vacuum carpet thoroughly to remove as much soil as possible.

Dilute as follows:

- Light Soil @ 8 ounces per gallon
- Medium Soil @ 10 ounces per gallon
- Heavy Soil @ 12 ounces per gallon

Encap, Encapsulating Shampoo may be used as follows: Immerse bonnet in a bucket OR Place bonnet on the bottom of the floor machine. Spray bonnet with properly dilute, using a pump sprayer. Lightly mist carpet area to be cleaned. Turn or replace bonnet pad when it becomes exceptionally soiled. Allow carpet to dry. Vacuum thoroughly.

Dry Foam or Mist Cleaning

Vacuum carpet thoroughly. Dilute at 12 ounces per gallon. Follow normal mist or dry foam shampoo procedures. As with all cleaning products, always check for colorfastness on carpeting and upholstery in an inconspicuous area before using these products.

Tech Specs:

Color.....Clear
 Fragrance.....Fresh
 Form.....Liquid
 Phosphates.....None
 FlashPoint.....212F
 pH.....8-9
 Specific Gravity.....1.01
 Viscosity.....Thin
 Foam.....Moderate
 Biodegradable.....100%
 Shelf Life.....1 Year

Available Packages
