With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

SOUR

Frontier Sour

Concentrated Liquid Sour

What is Frontier Sour?

Frontier Sour is a highly concentrated liquid sour. Frontier Sour has been developed to neutralize any alkalinity in the last rinse operation. By balancing the pH in the wash wheel, finished fabrics are softer and brighter. Frontier Sour also combats tough iron and rust problems that might exist due to poor water conditions. Use in hotels, motels, hospitals, shirt laundries, nursing homes, etc.

Product Benefits:

- Economical use cost.
- Ideal for poor water conditions.
- Rapid and complete neutralizing of free alkali.
- Leaves fabric free of rust and iron stains.

Directions For Use:

For institutional or commercial use only. Before use, read product label and Safety Data Sheet. Consult your local Synthetic Labs Representative for specific use and setup instructions.

If unsure of use or dilution of product, do not use until proper use is known. This product is designed to be injected into machinery with laundry specific dispensing equipment. Do not pour this product directly onto dry fabric. Inject into the presoak cycle or before adding a concentrated detergent. Make sure to use proper protective clothing when applying handling this chemical.

DO NOT MIX WITH OTHER CHEMICALS

Tech Specs:

Color.....Purple
 Fragrance.....Faint
 Form.....Liquid
 Phosphates.....None
 Flash Point.....212°F
 pH.....1
 Specific Gravity...1.05 g/m³
 Viscosity.....Thin
 Foam.....None
 Biodegradable.....100%
 Shelf Life.....1 Year
