CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

RECLAIM SOUR

Oxalic Acid

Powdered Rust Removing Reclaim Sour

What is Oxalic Acid?

A premium powdered laundry sour that removes rust while neutralizing alkali in wash systems. It has been formulated with conditioner to combat iron and other impurities that might exist. This product lengthens fabric life while dramatically improving the feel of the fabric.

Benefits:

- Neutralizes all free alkali in the system.
- Conditioners remove iron and other water impurities.
- Eliminates any deterioration of fabric from alkali builders.

Precautionary Statements:

For institutional or commercial use.

DO NOT MIX WITH OTHER CHEMICALS

Before use, read product label and Safety Data Sheet.

Add to the final rinse cycle.

Make sure to use proper protective clothing when applying handling this chemical.
