Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

DESTAINER

Super Chlor

Powdered Laundry Destainer

What is Super Chlor?

A concentrated powdered bleach product that is extremely effective on white fabrics. It has been formulated to provide superior whitening of fabric with minimum tensile loss. This well-balanced product has been designed to be effective at a wide range of temperatures and has a controlled release to maximize exposure time and stain removal. Use in a wide range of classifications where a sodium hypochlorite bleach is preferred.

Benefits:

- Highly active chlorine powder.
- Eliminates a wide range of stains.
- Makes white glow like new.
- Rinses free from fabric.

Directions For Use:

For institutional or commercial use only. Before use, read product label and Safety Data Sheet. Consult your local Synthetic Labs Representative for specific use and setup instructions. If unsure of use or dilution of product, do not use until proper use is known.

This product is designed to be added to the wash cycle. Do not pour this product directly onto dry fabric. Make sure to use proper protective clothing when applying/handling this chemical.

DO NOT MIX WITH OTHER CHEMICALS.

Storage & Use Precautions:

Always store out of direct sunlight. Don't mix with incompatible materials. Always use and store in containers specially approved for use/storage of chemicals. Always store with container closed properly and in a cool area.

Tech Specs:

Color.....White
 Fragrance.....Chlorine
 Form.....Powder
 Phosphates.....None
