## BR-100

### Premium Powdered Fleet, Truck, and Pressure Wash

#### What is BR-100?

BR-100 Powdered Truck Wash is a 100% active, grease cutting, all purpose truck wash. Versatile enough to be used on small cars and trucks to the soot and grease covered surfaces of trucks and trailers. BR-100 contains water softeners to prevent spotting in hard water areas, sheating agents to enhance rinsing, and corrosion inhibitors to help fight against rust and oxidation build-up.

#### Benefits:

- Can be used in brush and touch free applications.
- Penetrates deep for easy removal of surface dirt.
- Safe on all paints and polished aluminum.
- High foaming to carry away all surface debris.
- Rinsing is done with less time and less water.
- Watch water "sheet" from the vehicles surface.
- Dry residual can be easily rinsed off.

#### Instructions:

Always read the SDS before handling this or any chemical. Always prewet surfaces before applying chemical. Apply recommended dilution of chemicals to the surface from the bottom to the top of vehicle. Brushing may be required if there is a heavy build up of road film. Before the detergent has the opportunity to dry, rinse with fresh water from the top down, removing all the detergent.

#### Dilution Recommendations:
