With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

DETERGENTS

PowerBrite

2 Part Heavy Duty Fleet & Pressure Wash Kit

What is PowerBrite?

Power Brite is a super concentrated 2 part detergent kit designed for heavy duty cleaning. This product contains special additives that provide a foaming action and lubrication while reducing corrosion of the metal. This special kit will aid in the removal of carbon soot, road film, and heavy soils without the need of extensive brushing. Anyone already using kits will find this product to exceed their expectations.

Benefits:

- 2 part kit for easy storage and economical use.
- High levels of alkalinity to remove road film.
- Emulsifies and removes grease and oils..
- High foaming to carry away all surface debris.
- Rinsing is done with less time and less water.
- Can be used on the dirtiest of vehicles.
- Great for use on all fleets and heavy duty equipment.

Instructions:

Always read the SDS before handling this or any chemical. Always prewet surfaces before applying chemical. Apply recommended dilution of chemicals to the surface from the bottom to the top of vehicle. Brushing may be required if there is a heavy build up of road film. Before the detergent has the opportunity to dry, rinse with fresh water from the top down, removing all the detergent.

To mix the kit:

Add part #1 and Part #2 to 100 gallons of warm water. This should make a 55 gallon drum of solution. This premixed solution should now be used if the cleaning process at:

Truck Washing	30-40:1
Bus Washing	30-40:1
Surface Cleaning	30-40:1

Safe For Use On

- ✓ Glass
- ✓ Chrome
- ✓ Aluminum
- ✓ Clear Coats
- ✓ Trucks
- ✓ Trailers
- ✓ Hard Surfaces
- ✓ Concrete

Available Packages

2684-P1	Powder Part #1
2685-P2	Liquid Part #2

Tech Specs:

Color.....Red
 Fragrance.....Characteristic
 Form.....Liquid
 Phosphates.....None
 Flash Point.....212°F
 pH.....14
 Specific Gravity.....1.04
 Viscosity.....Thin
 Foam.....High
 Biodegradable.....100%
 Shelf Life.....1 Year
