

Food & Beverage Processing Solutions

HF Acid

Low pH Acid Cleaner

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

SURFACE CLEANING

HF Acid

Low pH Acid Cleaner

What is HF Acid?

HF Acid is an elite high foaming acid-based cleaner to resolve accumulated soil formation that occurs throughout the brewing process. HF Acid will swiftly penetrate dried beer and other waste materials. Regular use will keep materials from building up, and ensure fresh flavor.

Benefits:

- Effectively removes food particles
- Penetrates dried beer
- High Foam.

Instructions:

Before use, read product label and Material Safety Data Sheet.

Cover or remove all food products from area to be cleaned. Remove gross accumulation of meat particles, soil and other waste materials from surfaces and equipment.

Dilute product 1/2 oz to 4oz per gallon of water. Do not use on aluminum, tin or zinc-plated surfaces. Pitting or surface deterioration may result.

Tech Specs:

Color.....Green
 Fragrance.....Faint
 Form.....Liquid
 Phosphates.....None
 FlashPoint.....212F
 pH.....1
 Specific Gravity.....1.05
 Viscosity.....Thin
 Foam.....High
 Biodegradable.....100%
 Shelf Life.....1 Year
