*Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.*

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

# FLOOR FINISH

## Dura Green

### Zinc Free Floor Finish

#### What is DuraGreen?

This environmental preferable metal free floor finish contains no zinc or other heavy metals that can be harmful to waste treatment plants. The low odor finish has exceptional durability and flexibility and can be maintained with scrub and recoat procedures, spray buffering or high speed burnishing.

**\* This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org. Improper use or dilution may lead to increased risk of health effects. Please follow label directions.**

#### Benefits:

- Long lasting durable finish.
- Provides High Level Professional Gloss.
- Responds well to low and high maintenance floor care programs.
- Stands up to high traffic, frequent burnishing and repeated scrubbing.
- Economical Low Maintenance.
- Enhanced Slip Resistance.
- Green Seal Certified.

#### Instructions:

Read entire label before using this product.  
Recommended for use on all types of resilient tile flooring and properly prepared hard surfaces.

#### INITIAL APPLICATION (3-5 coats):

Completely remove all old wax, finish and soil from floor surface following strip procedure instructions on stripper label. Floor surfaces must be clean, dry and free of residue before finish is applied. Apply finish in uniform, thin to medium coats using a clean synthetic finish mop or application system. Allow each coat to dry thoroughly before applying additional coats, usually 30-40 minutes.

#### Tech Specs:

Color.....White
