

Building & Facilities Maintenance Solutions

Clear View

Concentrated Glass & Surface Cleaner

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

MULTI-SURFACE

Clear View

Concentrated Glass Cleaner

What is Clear View?

Green Seal™ Certified—independently proven to be an environmentally responsible cleaner. Fast acting, no streak glass surface cleaner for routine multi-surface cleaning. Powerful solvents and surfactants cut through film quickly. Use on glass, Plexiglas, metal and other hard surfaces. Reflective glass safe.

*** This product meets Green Seal™ Standard GS-37 based on effective performance, concentrated volume, minimized/recycled packaging and protective limits on: VOCs and human & environmental toxicity. GreenSeal.org.**

Directions For Use:

Spray on surface to be cleaned and wipe off with damp cloth. Before using, make sure that the desired surface is cool to prevent early evaporation. Read MSDS and test in a small inconspicuous area.

All dilutions must be done using cold water.

Dilution:

Regular Cleaning: 1:32 (4 oz. per gallon)

Light-Duty Cleaning: 1:50

Heavy-Duty Cleaning: 1:16

If using a portable dilution center, connect ClearView to portable device, fill container, and then flush system if incompatible materials will be used. Make sure to use proper protective clothing when applying this or any chemical.

Precautionary Statements (First Aid):

Eyes: Immediately flush eyes with plenty of water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Remove contact lenses if present and easy to do. Get medical attention immediately if irritation persists.

Skin: Immediately flush skin with plenty of water while removing any contaminated clothing and shoes. Discard contaminated clothing in a manner which limits further exposure, making sure to wash before reuse. Contact a physician immediately if irritation persists.

Ingestion: Do not induce vomiting. If victim is conscious and alert, give 2-4 cups of water. Never give anything by mouth to an unconscious person. Get medical attention immediately.

Inhalation: Remove from exposure and move to fresh air immediately and keep comfortable for breathing. If breathing is difficult, give oxygen. If breathing has ceased apply artificial respiration using oxygen and a suitable mechanical device such as a bag and a mask. Get medical attention immediately if irritation persists.

Notes to Physician: Treat symptomatically and supportively. Consult a doctor and/or the nearest Poison Control Centre for all exposures.

Tech Specs:

Color.....Blue
Fragrance.....Fresh
Form.....Liquid
Phosphates.....None
FlashPoint.....212F
pH.....8
Specific Gravity.....1.00
Viscosity.....Thin
Foam.....Moderate
Biodegradable.....100%
Shelf Life.....1 Year

Available Packages
