### **Core 3: Technology**

*Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.*

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

# DISHWASHING

## Novel Descaler

### Heavy Duty Lime & Scale Remover

#### What is Novel Descaler?

Descaler is used for descaling and deliming dishwashers and steam tables, cleaning stainless steel and aluminum, and descaling coffee urns. This acid based cleaner is great for all your mineral and lime removing needs. Will not harm stainless steel or glass.

#### BENEFITS:

- Removes minerals on contact.
- Highly concentrated and easy to use.
- Removes stains from coffee cups & urns.
- Will remove hard water stains from glasses.
- Versatile for many different applications.

#### DIRECTIONS FOR USE:

For institutional or commercial use.

**DO NOT MIX WITH OTHER CHEMICALS.**

**For institutional or commercial use only.** Before use, read product label and Safety Data Sheet. Consult your local representative for specific use and setup instructions if you are not experienced at descaling dish machines.

See Descaling procedures for proper use. Make sure to wear Personal Protective Equipment.

#### Descaling Procedures:

1. Empty the dishwasher completely before starting the descaling process.
2. Clean the bottom filter by removing it from the dishwasher, rinsing it under hot tap water, and scrubbing it gently with a toothbrush and a non-corrosive dishwashing detergent.
3. Add 40 to 64 ounces of descaling solution to the tank inside the machine. If unsure on amount to be added or where to add the solution, please contact your representative for guidance. **DO NOT** attempt to descale the machine if you are not experienced at doing so.
4. Run for 10-15 minutes. Make sure there is adequate ventilation in the room to eliminate any fumes caused by the descaling. Once the cycle is done, wait to open the machine. Once it is safe to open, leave the dishwasher open overnight to ensure any remaining odors dissipate.

#### Tech Specs:

Color.....Green  
 Fragrance.....Acidic  
 Form.....Liquid  
 Phosphates.....None  
 FlashPoint.....212°F  
 pH.....1-2  
 Specific Gravity...1.05 g/m<sup>3</sup>  
 Viscosity.....Thin  
 Foam.....Low  
 Biodegradable.....100%  
 Shelf Life.....>1 Year

#### Available Packages

6335-4	4x1 Gallon Case
6335-5	5 Gallon Plastic Pail
