### **Core 3: Technology**

*Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.*

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

# STONECARE

## Stone Gold

Cleaner For Marble, Stone, and Tile

### What is Stone Gold?

Heavy duty cleaner made to clean the toughest soils on natural stone and tile. Professional strength liquid powers through stubborn grease and soils to prepare surface for resealing. Water-based alkaline formula is safe on stone, and will not etch surfaces.

Recommended surfaces include: marble, granite, limestone, travertine, slate, sandstone, flagstone, masonry, concrete, ceramic and porcelain tile, and grout.

### Benefits:

- Easy to use one step cleaner.
- Removes buildup quickly and safely from masonry and marble.
- Special non streaking.
- Special formulation does not need neutralization.
- Non-fuming formula.

### Instructions:

Spray directly from container for optimal performance. Spray onto surfaces and wipe making sure no material is left over. Always test in an inconspicuous area to ensure compatibility on surfaces. Always make sure there is proper ventilation when using this product.

Available Packages	
6526L-275	275 Gallon Tote
