DETERGENT

Splitter Max

Reclaim Fleet & Pressure Wash

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

Splitter Max

Reclaim Fleet & Pressure Wash

What is Splitter Max?

A concentrated low foaming detergent designed specifically for use in reclamation system. A new type of product which encourages oil and grease to "split" to the top of the containment vessel after use. This product will not harm any metal products or surfaces, while cutting through tough grease and grime. Low foaming formula eliminates the need for heavy defoamers and prevents heavy build up of foam. All the

Benefits:

- For use in reclaim vehicle wash systems.
- Special Non-Emulsifying formula.
- Contains detergents that allow grease and oil to split from solution.
- Prevents problematic build up of foam.
- Great for use on vehicles, transit, and heavy duty equipment.
- Deep cleaning formula that is safe to use on virtually any surface.
- Makes heavy soot and grease "sheet" off of the cleaning surface.
- 100% is biodegradable and 100% soluble.
- Use in municipal and commercial applications.

Instructions:

Always read the SDS before handling this or any chemical. Always prewet surfaces before applying chemical. Apply recommended dilution of chemicals to the surface from the bottom to the top of vehicle. Brushing may be required if there is a heavy build up of road film. Before the detergent has the opportunity to dry, rinse with fresh water from the top down, removing all the detergent.

Dilution Recommendations:

Truck Washing	40-80:1
Bus Washing	40-80:1
Surface Cleaning	40-80:1

Predilution For Use with direct injection through a downstream injector:

Container Size:	55 Gallon Drum Add to water	30 Gallon Drum Add to water	5 Gallon Pail Add to water
Truck Washing	14 Gallons Supreme 41 Gallons water	7.5 Gallons Supreme 22.5 Gallons Water	1.25 Gallons Supreme 3.75 Gallons Water
Bus Washing	9 Gallons Supreme 46 Gallons water	5 Gallons Supreme 25 Gallons Water	0.9 Gallons Supreme 4.1 Gallons Water
Surface Cleaning	9 Gallons Supreme 46 Gallons water	5 Gallons Supreme 25 Gallons Water	0.9 Gallons Supreme 4.1 Gallons Water
