CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

DETERGENTS

CX3

Ceramic Infused Premium Truck & Fleet Wash

What is CX3?

A Liquid deep penetrating one step detergent that will remove heavy dirt and road film from painted and aluminum surfaces. This special formula is infused with ceramic technology, which adds protection and shine to surfaces. This product is ideal for truck wash operators who are looking for a product that is both heavy duty and will not in any way harm polished aluminum.

What is Ceramic GUARD Technology ?

A premium long lasting surface coating and UV protectant for vehicle surfaces using nano technology. This advanced coating bonds with the vehicles surface to provide long lasting protection. Surfaces have a deep reflective shine that make colors deep and vibrant.

Benefits:

- Infused with ceramic technology for added protection.
- Enhances colors in paints and shine in clearcoats.
- Safe on all paints and polished aluminum.
- High foaming to carry away all surface debris.
- Rinsing is done with less time and less water.
- Watch water "sheet" from the vehicles surface.
- Dry residual can be easily rinsed off.

Instructions:

Always read the SDS before handling this or any chemical. Always prewet surfaces before applying chemical. Apply recommended dilution of chemicals to the surface from the bottom to the top of vehicle. Brushing may be required if there is a heavy build up of road film. Before the detergent has the opportunity to dry, rinse with fresh water from the top down, removing all the detergent.

Dilution Recommendations:

Truck Washing	40-80:1
Bus Washing	40-80:1
Surface Cleaning	40-80:1

Safe For Use On

- ✓ Glass
- ✓ Chrome
- ✓ Aluminum
- ✓ Clear Coats
- ✓ Trucks
- ✓ Trailers
- ✓ Hard Surfaces
- ✓ Concrete

Available Packages
