Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

WHEEL CLEANER

FS-1

Non HF Acid Wheel Cleaner and Presoak

What is FS-1?

A heavy duty high foaming non HF acid based wheel cleaner and brightener. This product will act instantly, allowing uses in the shortest of application areas. Contains special inhibitors to help protect wheels and application areas.

Product Use Benefits:

- Fluoride free formula.
- Starts acting almost instantly.
- Enhanced formulation will clean the worst of wheels.
- Eliminates the need for scrubbing or brushes.
- Wheels will look new after cleaning.
- Formulated for easy neutralization.
- Economical dilutions.
- Can be used for low pH presoak applications.

Dilutions:

CTA Wheel Applicator 1:10-1:35
 Presoak applicator 100-300:1
