

Complete Automotive Protection

FOR BUSINESSES

Krystal Blue

Premium Tire Dressing

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

TIRE DRESSING

Krystal Blue

Premium Solvent Based High Shine Tire Dressing

Provides Long Lasting Shine To Tires

What is Krystal Blue?

A premium long lasting solvent based tire dressing for use in automated foam applicator systems. This advanced formulation will leave a long lasting deep shine on tires after application without slinging. Special silicones will not leave behind a sticky residue, eliminating the buildup of dust and dirt on wheels and tires. Quick leveling and fast drying prevent build up and spotting on surfaces.

Product Use Benefits:

- Long Lasting and high shine formula.
- Easy leveling.
- Spreads evenly on foam applicators preventing spotting.
- Special high gloss formula.
- Will not splatter or run.
- Non flammable.

Use Recommendations:

- Tunnel Wash Systems
- Automated Applicators

Application Instructions:

For automated application systems, pull directly from drum making sure pads are not saturated. For manual applications, spray and wipe or apply with a detailing sponge.
