DETERGENT

Luminara

Laundry Detergent for Micro-Fiber

What is Luminara?

A powerful laundry detergent specially formulated to combat the toughest soiling problems in Micro-Fibers. Micro-Fibers absorb a large amount of dead organic soils that can quickly make mops look dingy and old. Charge quickly penetrates deep into the fibers and causes a reaction that releases imbedded soils. In one wash, charge will quickly turn micro-fibers back to their original color and smell clean. Charge is also an excellent detergent for any laundry classifications.
