Citric Acid Presoak

CORE 3

Core 3: Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Core 3: Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Core 3: Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

PRESOAKS

Citrix

High Foaming Low pH Citric Acid Presoak Produces a Deep Rich Citrus Scented Foam

What is Citrix?

A vibrant non corrosive low pH presoak. This special formulation contains no harsh acids including all fluoride based products. This product produces a rich thick scented foam to carry away surface debris. Prepares surfaces for the detergent and rinse cycles. Rinses easily to prevent foam from carrying through to other stages of the wash. Formulated with ecco rinse technology.

Product Use Benefits:

- Low pH system starts the breakdown of road film.
- Safe to use on glass and most other metals.
- Does not contain any harsh acids. Non Hazardous.
- Highly fragrant to keep areas smelling clean and customers happy.
- Phosphate Free and VOC Free.
- 100% biodegradable.

Dilutions:

- Presoak Neutralizer: 1:00-1:300
- Foamer: 1:150-1:400
- High Pressure Soap: 1:300-1:600

Use Recommendations:

- Tunnel or Conveyor Systems
- Automatic or Rollover Systems
- Manual Presoak Applicators
