Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

WHEEL CLEANER

Vision Wheel & Engine

Heavy Duty Wheel & Engine Cleaner

What is the Vision Line Of Products?

A line of detergents formulated for those looking for highly concentrated products that yield an economical use cost. These vibrant high foaming products are recommended and formulated to enhance customer appeal in manual wash applications.

What Is Vision Wheel & Engine Cleaner?

A high foaming Wheel & Tire Cleaner that will start to break down grease and dirt on contact. Formulated for use in self serve car washes or, prior to tunnel entry, in rollovers or any automatic car wash. High sudsing formulation quickly cuts through road grime and brake dust to make wheels and whitewalls look new. Provides a vibrant green foam. Great for use as a degreaser on engines as well.

Product Use Benefits:

- Safe for use on all chrome, OEM, and aftermarket wheels.
- High foam level provides optimum customer approval.
- Contains special lubricating agents for improved performance.
- Cleans and brightens whitewall tires.
- Quickly degreases engines.

Use Recommendations:

- Manual Wash Systems

Dilutions:

Low Pressure Presoak: 1:100-1:300

Friction Presoak: 1:250-1:350
