Personal Attention

Every customer requires special attention and has their own demands put on them. Our staff will design and implement a program designed to fit your needs.

Experience

With our full staff of formulators, chemists, & marketing professionals we have been bringing cutting edge products to market for over 70 years.

Technology

Through daily contact with industry professionals, we are continuously updating and improving our products to make sure you perform at your best.

Synthetic Labs offers industry-leading solutions for businesses and professionals who demand exceptional results.

DETERGENTS

Rhino Presoak

Ceramic Infused High pH Detergent

What is Rhino Presoak?

A high foaming vibrant high pH detergent for vehicle surfaces infused with nano technology and silicones that leaves behind long lasting, deep color protection and incredible gloss. The Rhino system offers the ability to build protection through multiple applications, leaving a silica-rich film behind that helps repel water, dirt, and other pollutants, keeping your car cleaner longer in automatic car wash equipment.

Product Use Benefits:

- High pH system starts the breakdown of road film.
- Safe to use on glass and most other metals.
- Does not contain any harsh acids. Non Hazardous.
- Highly fragrant to keep areas smelling clean and customers happy.
- 100% biodegradable.

Dilutions:

Presoak Neutralizer: 1:00-1:300

Foamer: 1:150-1:400

High Pressure Soap: 1:300-1:600

4795-15	15 Gallon Plastic Drum
4795-5.25	2x2.5 Gallon Jugs
4795-5	5 Gallon Plastic Pail

What is the Rhino Line Of Products?

Traditional ceramic applications are limited by a single application phase. The RhinoSystem is a multi phase ceramic system that builds gloss and protection throughout a wash system that creates an outstanding clean vehicle that has a deep shine and long lasting protection. The coating in these products bonds with the surface to provide long lasting protection. Surfaces have a deeper reflective shine after application than a normal single step.

Tech Specs:

Color.....Red	Specific Gravity.....1.01
